

# HOW TO CLEAR YOUR INTERNET BROWSER HISTORY

## MAC OS X

### Safari

1. From the **Safari** menu, select **Reset Safari**.
2. From the menu, select the items you want to reset, and then click **Reset**.

### Firefox 3.5

1. From the **Tools** menu, select **Clear Recent History**.
2. From the **Time range to clear:** drop-down menu, select the desired range. To clear your entire cache, select **Everything**.
3. Click the down arrow next to "Details" to choose which elements to clear. Click **Clear Now**.

### Firefox 3

1. In Firefox, from the **Tools** menu, select **Clear Private Data**.
2. Select the elements you want to clear (e.g., **Browsing history, Cache, Cookies**), and then click **Clear Private Data Now**.

### Chrome

1. On the upper right, from the **Tools** menu, select **Options**.
2. From the **Under the Hood** tab, click **Clear browsing data**.
3. Select the items you want to clear (e.g. **Clear browsing history, Clear download history, Empty the cache, Delete cookies and other site data**).
4. You can choose the period of time for which you want to clear cached information from the **Clear data from this period** drop-down menu. To clear your entire cache, select **Everything**.
5. Click **Clear browsing data**.
